## DESIGN INTERNSHIP

### Graphic Designer | Ethos Hospitality

Cleveland, OH January 2023 – February 2023

At Ethos I had several daily tasks ranging from creating social media assets, brochure designs, and menu designs. I worked well in a fast paced environment and was able to switch between tasks easily. Ethos has multiple clients with a range of design styles and I enjoyed creating different aesthetics to match the brand. As this was a remote position, I was responsible to be in constant communication with the staff.

## WORK HISTORY

### Freelance Photographer

Lincoln, NE May 2022 – Present

As a photographer I specialize in mainly wedding photography, but also enjoy portraiture, event photography and commercial photography. In addition to wedding events I have photographed many local music events as well as creating original photography for all design projects. Working as a photographer has given me a skill for working closely with clients and aiding in fulfilling their vision.

### Bartender | Occidental

Lincoln, NE August 2021 – Present

At Occidental I have worked to build a loyal clientele of regulars as well as bringing in new guests through word-of-mouth recommendations. Guest connections are a key priority as it is a community-centered bar. I prioritized simultaneous responsibilities including surveying the bar, guest safety, and communication with guests. During closing shifts I was responsible for counting the drawer and securing cash safely.

### Server, Bartender, Shift Manager | Blue Sushi Sake Grill

Lincoln, NE August 2015 – May 2020

Working at Blue, I learned to display a high level of attentiveness to guest satisfaction through a detailed 10-step service procedure for each table. I participated in thorough management training to aid in resolving guest issues and leadership skills. As a manager I organized group events and private parties. I was also responsible for daily productivity updates sent to district managers, as well as daily communications, labor reports and record keeping.
